Spring 2023

A WORLD OF COLORS

Spring is here with its fresh air, bright lights and explosion of colors. This is also a good reflection of this year's trends. Don't be afraid to combine everything from pink and yellow to black and turquoise. Stripes can without a problem go hand in hand with polka dots and flowers. It is how you compose the details that makes a difference and creates an interesting mix.

ECO & LAMBSWOOL

Our traditional wool throws never go out of fashion. They are manufactured with great care in our own Oeko-Tex® certified factory.

We are proud to present a collection of original William Morris patterns. William Morris (1834-1896) was an artist, philosopher and political theorist. He was also one of the most influential designers of the Arts & Crafts Movement.

William Morris made some of the most exciting textiles of his era, but what is even more striking is how relevant they still are. His vibrant and colorful patterns are full of details mainly from nature.

We have received access to the William Morris patterns through © The William Morris Society and are therefore allowed to use the original logotype on our products. © The William Morris Society was founded in 1955 with the purpose to spread the life, work and ideas of William Morris.

Our Morris collection includes a super soft cashmere blanket
and a generous airy cotton blanket.
